SUPPLEMENTARY INFORMATION:

I. Abstract

The NASA Kennedy Space Center (KSC) manages and facilitates the center-specific Job Shadowing Program (JSP). The program targets high school and undergraduate students and offers an opportunity to experience the practical application of STEM, business, and other

disciplines aligned to NASA's long-term workforce needs, in a NASA-unique workplace setting. Program participants receive insight into NASA and KSC's history, current activities, and other student opportunities through briefings, tours, and career panels. Each participant is then matched with a subject matter expert to gain direct exposure to the implementation of their respective fields of interest and related career paths.
